### CHOOZIT™ FT 001 LYO 100 DCU

CHOOZIT™ Cheese Cultures

#### Description

Freeze-dried concentrated lactic starter for the direct vat inoculation of milk and milk bases.

#### Usage levels

For usage in White cheese / Feta type made with or without UF retentate, recommended dosage is 100 DCU for 1000 Liters of milk or UF milk retentate.

The quantities of inoculation indicated should be considered as guidelines. Supplement cultures may be required depending on technology, fat content and product properties desired. We do not accept any liability in case of undue application.

#### Directions for use

Store at temperature < 4 °C in dry atmosphere. When stored at negative temperature, keep the sachet at room temperature for 30 to 60 minutes before opening. If not, the performance of the culture is affected. Prolonged exposure at room temperature will reduce performances. Check before use that the culture is in powder form. Add directly to the manufacturing milk as soon as the agitation blades of the vat are covered with milk. Avoid foam and air introduction in the milk.

Important recommendations:

If the product has formed a solid mass, it should be discarded. To keep bacteriophage contamination under control, ensure plant and equipments are cleaned and disinfected with appropriate products at regular intervals to limit bacteriophage concentration level. Avoid any system that brings back part of end products to the beginning of the processing line in order to limit phage propagation.

We do not accept any liability in case of undue application.

#### Composition

Lactococcus lactis subsp. lactis  
Lactococcus lactis subsp. cremoris  
Streptococcus thermophilus  
Lactobacillus delbrueckii subsp. lactis  
Lactobacillus delbrueckii subsp. bulgaricus  
Carrier:  
Sucrose  
Maltodextrins

#### Properties

- Mix mesophilic / thermophilic starter, particularly adapted for Feta Cheese types productions,  
- Direct vat inoculation.

#### Physical/chemical specifications

Quantitative/Activity standard

Test medium:

Sterilised reconstituted milk (10% solids)  
Heated 20 min at 110 °C. Standardised to pH 6.60

Temperature: 30 °C  
Inoculation rate: 10 DCU / 100 l  
Delta pH: 0.9  
Time to reach the delta pH: <= 6 hours

#### Microbiological specifications

Microbiological quality control - standard values and methods

Non-lactic acid bacteria	< 500 CFU/g
Enterobacteriaceae	< 10 CFU/g
Yeasts and Moulds	< 10 CFU/g
Enterococci	< 100 CFU/g
Clostridia spores	< 10 CFU/g
Coagulase-positive staphylococci	< 10 CFU/g
Listeria monocytogenes	neg. / 25 g
Salmonella spp.	neg. / 25 g

Analytical methods available upon request

## PRODUCT DESCRIPTION - PD 250675-3.0EN

Material no. 90740

### CHOOZIT™ FT 001 LYO 100 DCU

CHOOZIT™ Cheese Cultures

#### Storage

18 months from date of production at  $\leq 4$  °C

#### Packaging

The cultures are packaged in sachets made in three layers of material (polyethylene, aluminium, polyester).

The following information is printed on label: product name, batch n° and expiry date when stored at + 4°C.

#### Quantity

Selling unit: 1 carton containing 50 sachets.

#### Purity and legal status

CHOOZIT™ FT 001 LYO 100 DCU complies with all EU food legislations.

Other local regulations should always be consulted concerning the status of this product, as legislation regarding its use in food may vary from country to country.

#### Safety and handling

SDS is available on request.

#### Kosher status

Kosher certificate available on request.

#### Allergens

Below table indicates the presence of the following allergens and products thereof:

Yes	No	Allergens	Description of components
	X	wheat	
	X	other cereals containing gluten	
	X	crustacean shellfish	
	X	eggs	
	X	fish	
	X	peanuts	
	X	soybeans	
	X	milk (including lactose)	used as fermentation nutrient*
	X	nuts	
	X	celery	
	X	mustard	
	X	sesame seeds	
	X	sulphur dioxide and sulphites (> 10 mg/kg)	
	X	lupin	
	X	molluscs	

\* used as fermentation nutrient. Danisco has determined that fermentation nutrients are outside the scope of US and EU food allergen labelling requirements. Local regulation has always to be consulted as allergen labelling requirements may vary from country to country.

#### Additional information

ISO 9001 certified  
FSSC 22000 certified

#### GMO status

CHOOZIT™ FT 001 LYO 100 DCU does not consist of, nor contains, nor is produced from genetically modified organisms according to the definitions of Regulation (EC) 1829/2003 and Regulation (EC) 1830/2003 of the European Parliament and of the Council of 22 September 2003.
