Subject Attestation GMOeu	Tienen, March 1 st ,2012	E-mail	

To whom it may concern

We hereby certify that below mentioned materials are produced by our factory Citrique Belge in Tienen, Belgium:

Citric Acid Anhydrous; E 330
Citric Acid Monohydrate; E 330
Tri Sodium Citrate Dihydrate; E 331 (iii)
Monosodium Citrate Anhydrous; E 331 (i)

We hereby confirm that Citric acid and its derivatives are manufactured by conventional processes** and therefore does not contain GMO-DNA. It does not fall under the scope of the Regulation (EC) No 1829/2003 on Genetically Modified Food and Feed.

Therefore this attestation is valid for following statements:

- We use a non-GMO *Aspergillus Niger* to produce citric acid.
- We use only non-GMO ingredients in the master and working cell banks.
- Molasses: we received non-GMO declarations from our suppliers
- Secondary raw materials in the fermentation and downstream processing are all non-GMO.

This document is valid up to December 31,2013.

Yours faithfully,

Caroline Vanrijkel
Quality Assurance

** The term "conventional process" refers to chemical synthesis, fermentation using non GMM, extraction from conventional plants.
